Document Solution®

Document Solution, a document delivery service, provides access to full-text items from virtually any publication within or outside of the ISI® database. This flexible, fast, and convenient service provides wide coverage, reliable customer support, fast and varied delivery options, and efficient management tools.

Document Solution offers true “one-stop shopping” for all your document delivery needs. This source is designed to display those journals that are found in the ISI in-house collection. Older material and many additional titles not listed here are also available through *Document Solution*.

This source shows coverage as of January, 2004. It also lists the negotiated publisher copyright fees that were in effect at the time this source was compiled. All coverage and pricing is subject to change at any time.

Features

Over 8,700 Journals Available

With the resources listed here from the ISI database, you can access a collection of over 8,700 of the world’s leading peer-reviewed science, technology, social sciences, and arts and humanities journals. You will find specific information about these journals on the pages that follow.

The first column lists **Journal Sequence Numbers**, the alphanumeric code that identifies each publication title in the ISI database. The second column identifies the full **Journal Titles**. The next three columns present **Copyright Fees** (explained on the next page). The next column lists the **Coverage** which indicates the issue dates that are available on site. The last column, **eDocLink**, indicates the titles publishers have given us permission to deliver via PDF.

Key Advantages & Capabilities

- Offers “one-stop shopping” - with comprehensive coverage that includes documents from research journals, conference proceedings and papers, book chapters, technical reports, government reports, annual reports, standards, and monographs
- Helps researchers get the information they need fast - processing orders for documents in the ISI collection within 24 hours of receipt, and providing delivery options that include fax (30-minute delivery upon request), electronic (PDF when available), Ariel (TIFF), courier, or traditional mail service

- Provides easy tracking of orders and accounts - via a professional customer support staff that helps verify order status and confirm order pricing and payment balance
- Eases record keeping by eliminating hidden costs: all materials have a standard processing fee, a variable copyright fee, and are copyright cleared.

Copyright Fees

Document Solution observes all copyright laws and abides by them through our centralized copyright management system. For journals within the ISI collection, we pay copyright fees either directly to publishers or through the Copyright Clearance Center. For publications outside the database, we work with a third party to ensure that publishers receive their royalty payments in a timely manner. *Document Solution* takes care of the legalities and paperwork for you.

Copyright fees shown in this source are explained as follows: per articles, per page, and percentage of processing fee as determined by individual publishers.

Ordering Procedures

Ordering full-text articles through *Document Solution* is easy. We ask that you supply enough bibliographic information to identify the item such as:

- 1) title
- 2) volume, issue and year;
- 3) the beginning page number of the article; and
- 4) the author name.

Certain ISI Web resources also offer direct links for ordering via the internet. Other *Document Solution* ordering options include:

- Web: www.isidoc.com
- Online: via DIALOG®, DataStar®, and OCLC®
- Email: orders@isidoc.com.
- Telephone: 1-800-603-4367 or 310-446-2322
- Fax: 856-787-1679
